

Find relevant partners in Western and Eastern Europe to develop your Blockchain project!

Blockchain-Connectors invites international blockchain entrepreneurs, investors and experts to meet their peers and new partners in Europe.

Based on your business needs and specifications, we will setup a series of individual meetings with targeted European players from the local Blockchain communities and virtually any traditional industry. You will discuss commercial partnerships, R&D cooperation, investment deals or other relationships to develop a strong foothold on the European markets.

IN PARTNERSHIP WITH

www.blockchain-connectors.com

Why go to Europe?

GOALS

These offers are designed for companies in search of:

- Potential partners from various industries (Blockchain, other IT sectors, finance, retail, agriculture, art, etc.)
- Investors (crypto funds, blockchain-friendly VCs, individual investors)
- Experts, influencers, advisors
- Blockchain development teams
- Community leaders

EXPECTED RESULTS

The benefits for our participants may be considerable, as illustrated by these recent cases:

- We've helped fintech startups from Russia and Slovenia build their network and establish brand awareness across the French crypto community.
- We're supporting an Estonian green tech startup, having connected it to renowned French and US advisors, NGOs, scientists and commercial partners.
- We've introduced a French AI startup to crypto funds and an R&D partner from several countries of the world
- We're also helping crypto funds from Brazil, France, Russia and the USA develop their activities across the world.

Service offer

BUSINESS TOUR

Based on your business needs and specifications, we will setup a series of individual meetings with targeted European players from the local Blockchain communities and virtually any traditional industry.

Typically, these business connections are made through a roadshow across one or several countries. During 2-3 days in each country, the company will meet 6-8 local players; other connections may be made remotely. Success is assured if a real market potential has been identified, the company's offer is valuable, the targets are defined precisely, and the company pitch and its variations have been prepared properly.

EVENTS

- By choosing the proper dates for your trip, we may synchronize it with important industry events. Upon request, we'll arrange your participation or pitch there and help you prepare it.
- We may also organize for you a specific event, inviting potential clients, partners, investors, etc. to discuss an industry topic that corresponds to your business project. Available formats: meetup, seminar or conference, business-breakfast, VIP dinner – from 10 to 100 attendees or more.

ADDITIONAL SERVICES

- **Market study:** to assess the potential of a country or an industry, and focus on the right targets
- **Translation services:** for your white paper or other business presentations
- **PR & social promo** to reach local investor communities or larger business communities
- **Follow-up support:** Maintain the dialogue with partners after meeting them, set up a permanent representation in a country, hire a country manager or a local team...

Pricing

BUSINESS TOURS

The price for a business tour may vary **from €6k to €18k** depending on several parameters (targeted industries, number of countries, type and number of requested meetings). In certain cases, a commission fee on signed deals will be requested.

This service typically includes:

- Express market analysis to identify the relevant market segments and countries
- Identification and validation of the targets (local players which will be approached to meet the company)
- Joint preparation of presentation documents and oral communications
- Preparation and management of the meeting calendar
- Assistance for hotel and transport booking, support in solving any practical issue during the trip

EVENTS UPON REQUEST

- Around **€3k- €5k** for a small event (meetup, business breakfast...)
- Larger industry conference upon request

OTHER SERVICES

- **In-depth market study: from €5k to €15k** depending on the depth of the study
- **Translation services** (for business documentation): Upon request
- **Interpreter services** (for business meetings if not in English): Upon request
- **PR & social promo campaign:** Usually starting from **€5k** for a one-shot campaign
- **Follow-up support:** Upon request
